Ella School – She is always excited to be at dance and totally knows her stuff! I can tell she practices at home. – Ms. Jackie

Samantha Chalmers – She knows and remembers every dance and choreography we added on the week before. She's such a great leader in class and helps others whenever she can. She's the best listener and is so respectful and ready to go for whatever we do! – Ms. Katelyn

PRESCHOOL CORNER!

Keeping The Beat

One skill preschool dancers are developing is learning how to “hear” the beat in music and how to move their body to the beat.

The beat is the steady pulse that you feel in the tune, like a clock’s tick. It’s the beat you’d naturally clap along to, or tap your foot to.

How can you help your dancer work on this emerging skill:

Turn on your favorite music and try moving in different ways while keeping the beat of the song:

- Marching
- Walking
- Clapping
- Jumping
- Nodding Head
- Swaying
- Using a rhythm instrument

Play an echo game:

- Clap a short series of simple beats, and ask your child to repeat (or echo) the same thing that you clapped.

Ex: Clap-Clap-Clap-Clap (1-2-3-4) or Clap-Clap-Clap/Clap-Clap (1-2-3&-4)

Make Your Own Rhythm Sticks

- Rhythm Sticks can be a useful tool to assist young dancers in learning to keep the beat to music. Get your creative juices flowing and make your own from any of the following materials:
- Empty Paper Towel Tubes
- Wooden Dowels
- Pool Noodles
- Large Popsicle Sticks
- Unsharpened Pencils
